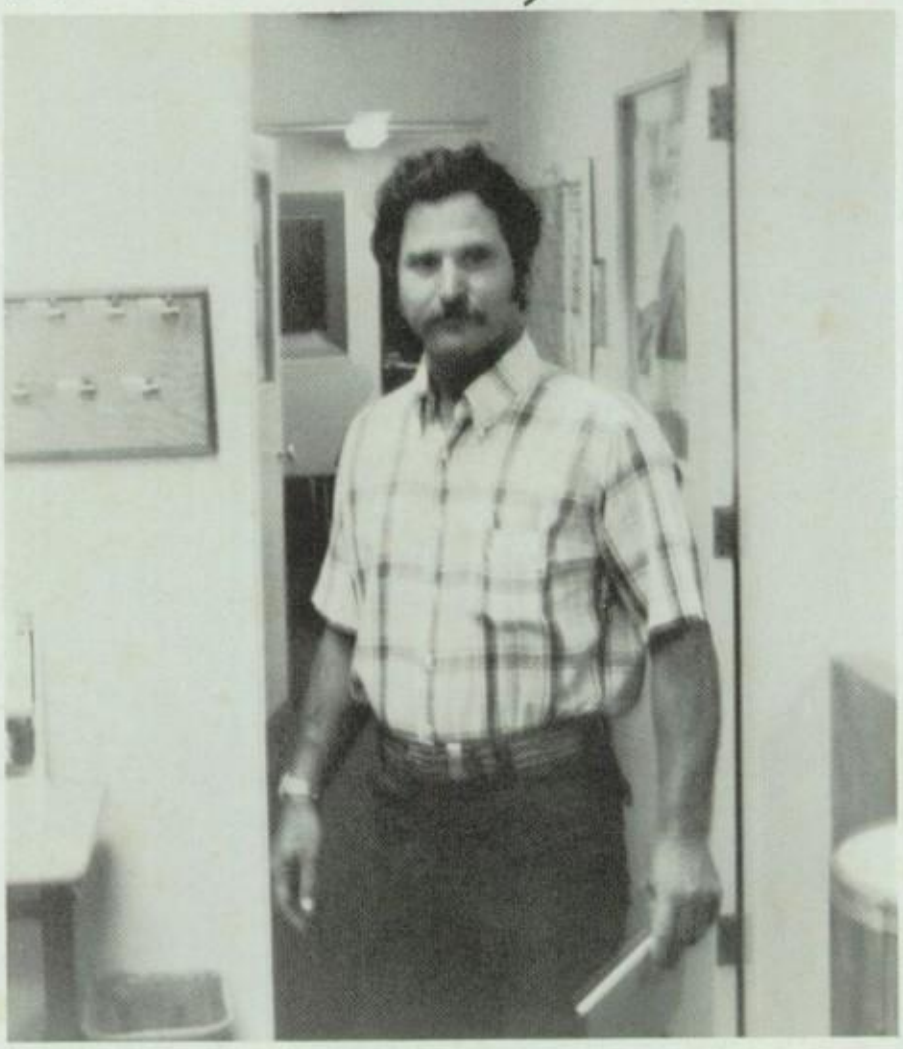
NINETEEN HUNDRED SEVENTY NINE

CONGRATULATIONS TO OUR NEW CHIEF, MR. LOONEY



Dear Warriors:

Another school year is coming to a close, and a fun-filled summer is upon us. The 1978-79 school year has been filled with ambitions, hopes and dreams for the future. Our ninth graders are now telling us good-bye, and our seventh and eighth graders are looking to the fall to assume roles of leadership, but all of us will be back here at one time or another, in spirit if not in body, and we will all remember this memorable year at Orangeview.

Students, staff and parents have worked with boundless energy to improve Orangeview. Student activities, clubs, sports, service organizations, music, speech groups and individuals have been in full force all year long. Orangeview's fine reputation has been continued in the fields of music, speech and athletics plus academically.

Goals and objectives may be large or small. Orangeview's goals were large in nature and not easily attained, but when they were reached, each of us shared in the joy of accomplishment.

To think, to love, to act, to trust: these are the goals we should achieve in order to make this world a more pleasant place in which to live.

May each of you have your dreams realized.

Bennett F. Looney

Orangeview Memories

Dreams do some true, don't they? It was hard to believe but despite all the excitement and wonder of our last year at Orangeview, we realized that everything had suddenly changed. As ninth graders we looked down on the eighth and seventh graders remembering it was not long ago when we were in their places. As the 1979 Graduating Class of Orangeview, we feel that we are special- that our school pride and spirit has grown stronger through those fleeting three years.

It will be difficult to say goodbye to O.V., our friends, our teachers and all the memories that Orangeview has given to us. We could not help feeling proud when some of our friends and casual acquaintances became cheerleaders, honor society members, athletes, and student body officers.

There was much to do, not only inside school but outside too. Our parents served as examples on the outside and our teachers guided us inside the walls of our school. We discovered what it meant to share our joys and sorrows. We laughed through Spirit Week and a moment or two later we cried through graduation.

Our subjects were difficult, our exams even harder-but these were only a challenge. They were preparing us to become a part of another school. As we leave the football field on graduation day, we step into a somewhat-different universe. It is strange and enormous but...WE ARE PREPARED.

dedicated to the 1979 class of Orangeview

Maria Reyes

WE HONOR MR. VANDERBOSCH AND MISS POTTER

Miss Potter, our long term sub, is a dedicated reading teacher. She is also actively involved with out Serv-Anns and finds time to run our Student Store. Although she is a busy person, she always finds time for her students.

Mr. Vanderbosch, our other honoree, is a Social Studies teacher who has also taught Spanish. Under his guidance, the Leadership Class has been one of the most active at O.V.. Aside from his busy schedule, he makes time to coach the girls tennis team.

SURPRISED BY THE O. V. CAMERA

I'm Teaching WHAT next year?

Mr. Scheer thought the joke was funny.

Vivan las Chicanas!

Mr. Looney, I don't understand you.

My sister and I are not twins.

Did I jump high enough?

MEMORIES ARE

Three are better than none!

Down in the meadow in the football square, stood seven men but no coach was there.

What do you want, Mrs. Pescara?

We already served our detention.

MADE OF THIS

I've got you where I want you.

John, why the big smile.

I'm pointing at you!

Mr. Cordova said I could keep my bike on the field in case he wanted a diet Dr. Pepper.

No, you cannot have a master key!
